	NARRATIVE REPORT		INTER IM	FINAL					
	This program is approximately one month behind schedule (Contract delivery 15 March 1965) and it is recommended appropriate action be taken by the contract administrator to correct.								
	The lack of monthly reports should also be noted. As of 26 February there was no submission of monthly reports. Three were received on 1 March, covering the periods of August, September, October 1964 and January 1965.
